Recirculation kit UCVRECIRC

**When ducting to the exterior is not possible,
this downdraft recirculation kit allows for
filtered air to re-enter the kitchen**

Performance

- Air is filtered through a heavy-duty activated charcoal filter intended to remove odors
- Replace charcoal filter every 6 months depending on usage
- Downdraft charcoal filter replacement model number is UCVFILTER

Design

- Designed for use with UCVM30RS, UCVM36RS and UCVP36RS downdrafts
- Designed to mount at interior base cabinet so module is unseen
- Includes recirculation module, filter and metal grill vent plate
- Module and grill vent plate can be placed so air does not hit feet
- Suitable for wall or island applications
- See installation manual for more details
