The information provided in this document is intended for trained, qualified personnel only. The proper function and the safety of the appliance can be affected by an improper repair, and even serious threats to life or physical condition may arise. BSH Home Appliances Corporation is not liable for damages caused by improper repairs performed by unauthorized parties. Local codes and standards apply and must be observed. Authorized Servicers may contact the Technical Support Team for further assistance.

EN

10011590 BRIQUETTE, CERAMIC, GRILL

There is some concern on how to place the briquette tiles to fit properly. A new ceramic briquette tiles have replaced lava stones used in service kit 00771879 and 00771885 for grilling. Arranged the briquette tiles in a single layer rows touching the edges of the surrounding tiles and not in contact with the heating element. Do not overlap or stack the tiles. There will be extra tiles for use of replacement at the customers 'discretion.

Install the briquette tiles as reference below. The plates will not cover the entire surface but will perform properly when placed as the layout.

Affected Appliances:
