

# CR5B30T7B

2.13" x 30.25" x 20.5" (H x W x D)

30" wide 208-240V radiant cooktop with a jet black glass surface, digital touch controls, and 5 elements, including 2 large dual ring elements and a warming zone

### Highlights:

- Standard 30" width fits common kitchen cutouts
- Jet black glass surface offers a modern look that's easy to clean
- Intuitive touch controls for smarter cooking and easier cleanup

### Product Features:

|                                   |                                                                                                                                          |
|-----------------------------------|------------------------------------------------------------------------------------------------------------------------------------------|
| 30" wide 5-burner radiant cooktop | Designed to fit common 29 1/2" x 19 5/8" counter cutouts                                                                                 |
| Jet black glass surface           | Elegant style on a smooth, jet black glass surface for a contemporary look that is easier to clean                                       |
| Extra large 2500W burner          | Rear right burner comes with a 9 3/4" diameter and powerful 2500W cooking power to handle large pots and help boil water with more speed |
| Large 2200W burner                | Left rear 2200W element is 9" in diameter to handle larger cooking vessels                                                               |
| 2 Standard 1200W burners          | Front left and front right burners are 6.5" in diameter to meet most cooking needs                                                       |
| Dual cooking zones                | Rear burners include an inner 5 1/2" burner, allowing you to save energy when heating smaller cookware                                   |
| Warming zone                      | Center 6 1/2" element operates at a low 100W to help keep cookware warm without overheating                                              |
| Digital touch controls            | Easy operation with a digital control panel and digital display conveniently centered upfront                                            |
| 9 power levels                    | Select and adjust your heating levels at the touch of a button                                                                           |
