

DF48850/S/P

FEATURES

Make a statement with your choice of range colors and finishes for your Wolf Dual Fuel Range—classic stainless or new powder-coated black or white

Wolf's Dual VertiFlow™ convection system provides reliably even heat, reduces hot and cold spots, and enables consistent multi-rack cooking

Burners produce up to 20,000 Btu for fast boils and intense sears and as low as 300 Btu for true simmers and melts

Take the guesswork out of cooking with 10 chef-created cooking modes, including Bake, Broil, Convection, Convection Roast, Dehydrate, Gourmet, Proof, Roast, Stone, and Warm

The full-color touchscreen is intuitive and easy to read, discreetly hiding away when not in use

LED backlit control bezels illuminate when in use, indicating which burners are active

Control your oven from wherever you are using our convenient Owner's App—remotely preheat, adjust temperatures, select modes, and more
