INTRODUCING: **RISERVA Series**

RISERVA PLUS FEATURES

DOOR OPEN ALARM

To save energy and ensure proper preservation of your beverages, all Elica Undercabinet Refrigeration products come with a Door-Open Alarm, that will repeatedly beep when the door has been left ajar for longer than 5 minutes.

EPC TECHNOLOGY

Double air duct cooling system. Elica's Intelligent System comes with sensors that deliver a precise and consistent temperature & humidity evenly throughout the entire compartment so that all stored bottles are preserved under the same conditions.

HIGH EFFICIENCY CARBON FILTERS

Elica's advanced Carbon Filters remove odors and other gaseous pollutants from the air, ensuring fresh and pure environment.

CONCEALED HINGE

Door hinges are hidden within the door and do not extend above the top of the door, allowing for a cleaner, more refined appearance, plus enabling the refrigerator to fit tighter within cabinetry.

QUIET OPERATION

A speed-control motor, reduces exterior sound levels, while offering high ventilation performance to keep the constant interior temperature and dampening any possible vibration that could disturb the preservation of the wine or beverages.

ECO-MODE

Sustainable and environmentally friendly: Eco-Mode will maintain optimum interior temperature while saving energy consumption by turning the lights OFF.

RISERVA Series

A BRILLIANT SOLUTION THAT MEETS ALL YOUR NEEDS

OPTIMUM PRESERVATION

This is ensured thanks to the natural Beechwood shelves, highest quality components that reduce vibration.

TEMPERED GLASS DOORS

Resistant doors that come with a UV double layered tempered glass that is also Argon-Filled to help radiate the light beams for a better perseverance. With a tubular door handle and an exclusive concealed hinge design that delivers a more refined appear and tighter fit within cabine-try.

PLUS FEATURES

All of our units count with additional features as are Anti Vibration Technology, Anti Damping System and a Sabbath Mode.
