

GE Profile™ built-in compactors quick pitch

Sleek appearance

The clean lines of GE Profile appliances make it easy to create a kitchen with a designer look, including a hidden control panel with sleek handle design.

Excellent performance

Powerful operation is the result of a heavy-duty 1/3-horsepower motor and 2300 pounds of ram force crushing items to one-quarter of their original size.

Huge capacity

The extra-large 1.4-cubic-foot capacity provides plenty of room for compacting large items.

Exceptional quiet

Quieter-than-ever operation with a new sound insulation package.

What's new: GE Profile built-in compactors

GCG1700LII with custom panel shown*

Stylish appearance

Available in stainless steel, white on white, black on black and custom panel (panel and handle not provided).

Hidden controls

With the control panel smartly tucked inside the compactor door, this appliance creates a sophisticated appearance.

Sculptured handle

The sculptured Profile handle not only looks dramatic, it feels comfortable and durable.

Simple installation

Easy-to-install design features rear leveling legs and wheels for faster, easier installation.

Features include:

- Hidden controls
- Built-in only
- 1.4 cu. ft. capacity
- 1/3 HP motor
- Removable key lock
- Toe pedal opener

* Requires custom panel and handle, not provided.
