IMPORTANT SAFETY INSTRUCTIONS

READ ALL INSTRUCTIONS BEFORE USING YOUR GALANZ RETRO KETTLE.

When using electrical appliances, basic safety precautions should always be followed, including the following:

- Read and familiarize yourself with all operating instructions before using this kettle.
- Before plugging your kettle into the outlet, visually check that the kettle is intact and is not damaged.
- Check that the voltage corresponds with that of the local network before connecting the appliance into the main power supply.
- This kettle is only to be used with the stand provided.
- Close supervision is required when using this appliance near children.
- Never leave this appliance unattended with children.
- This appliance can be used by children aged from 8 years and above if they have been given supervision or instruction concerning use of the appliance in a safe way and if they understand the hazards involved. Cleaning and user maintenance shall not be made by children unless they are older than 8 and supervised. Keep the appliance and its cord out of reach of children aged less than 8 years.
- This appliance can be used by persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instructions concerning use of the appliance in a safe way and understand the hazards involved.

- Do not leave the appliance unattended while on.
- Always use this appliance on a solid, level, non-flammable surface.
- Do not use this appliance outdoors.
- It is imperative to unplug the power cord after the appliance has been used.
- If the supply cord is damaged, it must be replaced by the manufacturer, service agent or similarly qualified person in order to avoid hazard.
- Repairs to electrical appliances should only be performed by qualified personnel. Improper repairs may place user at serious risk.
- Do not operate this appliance with a damaged plug or cord, after a malfunction or after being dropped or damaged in any way.
- Regular, periodic checks should be carried out on the cable to ensure that there is no damage. Should there be any signs of damage, the appliance should not be used.
- Do not allow the power base cable to hang over sharp edges or come in contact with hot surfaces.
- Do not run the power base cable under carpets, rugs, etc.
- Allow the unit to cool before storing.
- Never place the appliance near flammable surfaces.

IMPORTANT SAFETY INSTRUCTIONS

- This appliance is intended for household use only and should not be used for industrial purposes.
- Do not use any accessories or attachments with this appliance other than those supplied or recommended by the supplier.
- Do not immerse the appliance, power base or its cord in water or any other liquids.
- Do not use this appliance for anything other than its intended use.
- Do not push objects into any openings as damage to the appliance and/or electric shock may occur.
- Ensure appliance is situated in an open area. Do not allow it to come in contact with cupboards, curtains, wall coverings, clothing or other flammable materials.
- Unplug after each use. Make sure to grasp the plug, not the cord.
- Do not cover this appliance.
- Never place this appliance on an electric, gas, or any other type of stove.
- **WARNING: Do not remove lid while the water is boiling.**
- Never fill the kettle more than its capacity – ensure the water level is between the minimum and maximum marks. If the kettle is overfilled, boiling water may be ejected.
- Always make sure that the lid is fitted properly and do not remove while the water is boiling.

CAUTION: The outside surface of the kettle will get hot during use.

- Ensure the kettle is switched off before removing it from the base.

WHAT'S IN THE BOX

BEFORE FIRST USE

Before using your Retro Kettle for the first time, be sure to:

- Review all warnings in **IMPORTANT SAFETY INSTRUCTIONS**.
- Please read the operating instructions thoroughly and keep them in a safe place for future reference.
- Before using the kettle for the first time, fill to the maximum mark and allow to boil. Pour out the boiled water and then repeat the process. If a slight taste or odor remains, repeat the above process once more.

START USING YOUR RETRO KETTLE

HOW TO USE

1. Place the kettle on a flat level surface.

2. Fill the kettle with water to the desired level ensuring that it is above the MIN mark and below the MAX mark.

3. Place the lid on the kettle and place it onto the base.

4. Insert the power base plug (with dry hands) into the socket.

5. Push down the power on/off switch. The light on the bottom edge will illuminate and the water will begin to boil.

NOTE: Boiling a full kettle of water (1.7 liters) takes about 7 minutes.

HOW TO USE

6. At the end of the boiling cycle, the power on/off switch will automatically switch off.

7. Wait until the water has finished boiling before removing it from the power bases.

NOTE: Do not take the kettle from the power base right after the power switch flips up because the boiled water may spill out from the spout. It is recommended to take the kettle 30 seconds after the water is boiled.

8. Ensure the lid is correctly fitted before pouring boiling water. Beware of scalding.

CARE & MAINTENANCE

CLEANING

- Do not clean your kettle in a dishwasher.
- Always disconnect the kettle from the main power supply before cleaning.
- Wipe the outside of the kettle with a soft damp cloth. Never clean any part of the kettle with harsh or abrasive cleaners.
- Do not submerge any part of the base, mains cable or kettle in water or any other liquids.

DECALCIFICATION OF YOUR KETTLE

- The frequency of the decalcification depends on the hardness of the water in your area and how often the appliance is used.
- If the kettle switches off before it boils or has a white deposit building up inside then it probably needs to be decalcified.
- Do not use vinegar. Only use a commercially available decalcification agent. Carefully follow the quantities recommended in the instructions of the agent.
