

IW-30

FEATURES

Accepts custom panels for an integrated look within cabinetry or stainless-steel accessory panels and handles to match other Sub-Zero, Wolf, and Cove products*

Offers any-occasion 146-bottle capacity

Store reds and whites in separate temperature zones that keep wines at proper serving temperatures, within one degree of setpoint

Maintains constant, moderate humidity with dual evaporators so corks do not dry out

Shields wine from aging with UV-resistant glass door

Select the wine you want without agitating others with textured roller-glide shelves that do not vibrate

Locks in cold air to ensure freshness with magnetic door seals

Locate your favorite bottles easily with LED lighting

Organize your collection with our inventory tile system

Connects to your home security system

PANEL SPECIFICATIONS For complete panels specifications including width/height, weight requirements and thickness requirements visit subzero-wolf.com/reveal.

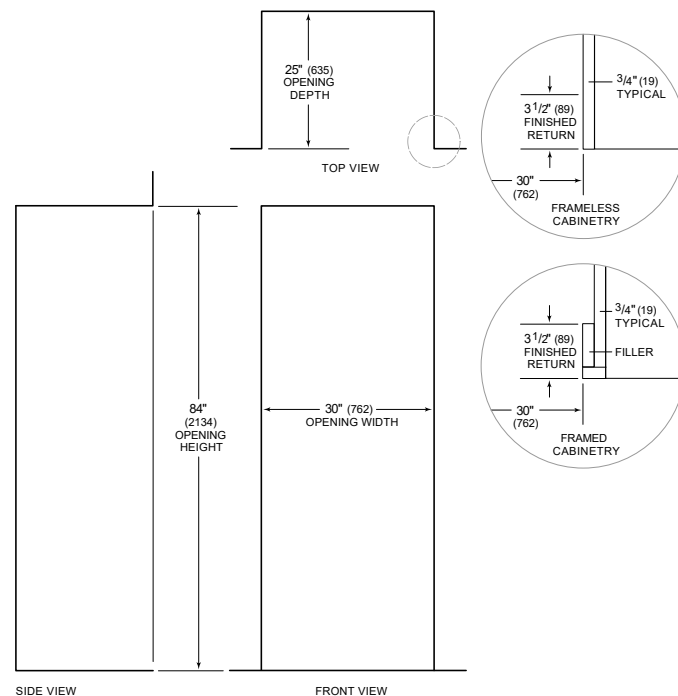

NOTE: Dimensions in parenthesis are in millimeters unless otherwise specified

*83 1/2" (2121) MIN TO 84 1/2" (2146) MAX

A line drawing of a refrigerator with its door open to the right. The interior is shown with several shelves. The top shelf is empty. The second shelf from the top has a small, rectangular, textured object (possibly a food item or a small container) placed on it. Below this, there is a drawer with a handle. The bottom section of the refrigerator contains several more shelves, some of which have small, rectangular, textured objects placed on them. The door is open, revealing a large, empty compartment. The refrigerator is shown from a slightly elevated angle, showing its base and the bottom of the door.

This illustration is intended for interior reference only and may not represent the exterior of the model being specified.

NOTE: 3 1/2" (89) finished returns will be visible and should be finished to match cabinetry
