

JP950SK

GE Profile™ 30" Built-In CleanDesign Electric Cooktop

Dimensions and Installation Information

KW Rating	
240V	7.9
208V	5.6
Breaker Size	
240V	40 Amps†
208V	30 Amps†

†Note: Check local codes for required breaker size

Important: Requires a 5" free area between the bottom of the cooktop to any combustible material, i.e., shelving. Free area not required when installing wall oven underneath cooktop. Refer to installation instructions. Requires an 18" minimum from cooktop to adjacent overhead cabinets. Units are furnished with a 48" flexible armored cable.

Note: 30" Ribbon cooktops are approved for use over select GE 30" Single Wall Ovens and Warming Drawers. All 30" ribbon cooktops can be installed over 27" wall ovens and warming drawers. Refer to cooktop and wall oven/warming drawer installation instructions packed with product for current dimensional data. If installed with a GE Profile™ Telescopic Downdraft System, consult both the cooktop and downdraft installation instructions packed with product before installing. Cooktop gas/electric supply may need to be re-routed to install downdraft. The countertop must be at least 26" deep with a flat surface area of 23-1/2" or more, front to back. In addition, other clearances to the front edge of the countertop must be considered. Consult cabinet and countertop manufacturer's specs for flush mount installation prior to install. **Before installing, consult installation instructions packed with product for current dimensional data.**

Flush Mount Installation Kit : Accommodates both 30" and 36" installations. Not for use with stainless steel models. JXFLM2TW (True White) JXFLM2CC (True bisque) JXFLM2BB (Black - use with black glass cooktops with a white, bisque, or black pattern)

GE Profile™ 30" Built-In CleanDesign Electric Cooktop

Features and Benefits

- Electronic touch controls - Offer easy point-and-cook convenience
- Precise Digital Control System™ - Delivers accurate control on the cooktop, ensuring even heating and less temperature variation
- Ceramic glass cooktop - A smooth cooktop surface makes cleaning quick and easy
- Pan Presence Sensor - Detects when a burner element is left "on" and automatically shuts it off when not in use
- Pan Size Sensor - Automatically adjusts the heating element to the size of the pan
- Dual size ribbon elements - Offers a convenient choice of using a 6" or 9" on one and a 5" or 8" on the other heating element, depending on the size of the pan
- Frameless design - A smooth and seamless cooktop surface makes cleaning quick and easy
- Hot surface indicator lights - Illuminate when the cooking surface is active and hot, adding convenience and safe caution
- Heating element "On" light - Illuminates when the cooking surface is activated
- Control lock capability - Provides the ability to lock the oven's controls, helping protect from accidental operation
- Model JP950SKSS - Stainless steel
