

Profile™

JTP18WAWW - GE Profile™ 30" Single Wall Oven

Undercounter Installation (in inches)

Note: Oven is rated for use only under the following cooktops:

- GE 30" and 36" electric coil and CleanDesign cooktops (Excluding Induction)
- GE 30" and 36" gas standard and sealed burner cooktops

Note: Gas or electric cooktops may be installed over this oven. See cooktop installation instructions for cutout size. See label on back of oven for approved cooktop models.

Installation Information: Before installing, consult installation instructions [Pub. No. 31-10125] packed with product for current dimensional data and for alternate installation options.

Specification Revised 6/99

Optional Custom Installation for 30" CleanDesign (Excluding Induction) or Sealed Burner Gas Cooktop (in inches)

This installation is to achieve minimum gap between bottom of countertop and control panel.

Note: For this installation, the bottom trim **will not** be flush with a typical 4" toe kick.

Note: Cabinets installed adjacent to wall ovens must have an adhesion spec of at least 194"
