Key Features & Benefits

Two Temperature-Controlled Zones

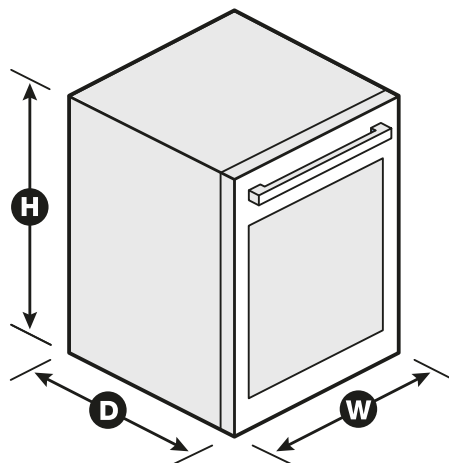

Allows for two temperature zones to chill both whites and reds at their optimal temperatures to help preserve the flavor and integrity of individual wines.

46 Wine Bottle Capacity

Provides large capacity to easily chill and display a full selection of wines.

UV-Protected Thermal Glass Door

Filters UV rays to help protect wine and other beverages from premature aging.

NOTE: Dimensions are for planning purposes only. For complete details, see Installation Instructions packed with product. Specifications subject to change without notice.
