

185-Can Beverage Cooler

WOW Features

Holds 185 Cans
**Stainless Steel &
Glass Door**

Midea's 185-Can Beverage Cooler keeps your favorite drinks perfectly chilled and ready to go, making it easy to host everything from casual hangouts to full-blown backyard BBQs. The sleek stainless-steel door with triple-layer insulated glass blocks UV rays, so even in sunny indoor locations, your cooler stays cool, and your drinks stay crisp.

Certifications & Warranty

185-Can Capacity

Keeps all your favorite beverages organized and perfectly chilled—great for offering a large selection of drinks at parties and barbecues.

Large Bottle-Ready Shelves

Spacious shelves easily hold bottles up to 8" tall and adjust to accommodate bottles up to 9.5" tall.

Stainless Steel & Glass Door

Our new door design combines stainless steel and glass for a clean and contemporary look.

Triple-Layer Insulated Glass Door with UV Protection

Helps protect against harmful ultraviolet rays to preserve the taste and color of beverages, allowing the cooler to be used in sunny indoor locations.

Freestanding or Built-In Installation

Allows for more flexible placement options; makes a perfect addition to home bar areas.

Digital Thermostat for Precise Temperature Control

Easily set the cooler to temperatures ranging from 34° to 50°F.
