

Double Oven, 30", 11 Function, Self-cleaning

Series 9 | Contemporary

Choose maximum capacity, combining two independent ovens so you can cook multiple dishes simultaneously.

- 4.1 + 4.1 cu ft total capacity across two oven cavities
- 11 oven functions including Roast and Aero™ Pastry
- High-temperature self-cleaning function breaks down food residue for an easy clean
- Non-tip, full-extension shelves for safe removal of hot dishes

DIMENSIONS

Height	48 7/16"
Width	29 29/32"
Depth	23 29/32"

FEATURES & BENEFITS

EVEN COOKING

Our built-in ovens feature AeroTech™ - a technology that circulates heat evenly, ideal for multi-shelf cooking.

SELF CLEANING

The self-clean function breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth. For best results, wipe down the inside of your oven door before you use the self-clean function.

SIZED TO SUIT

Designed for multi-shelf cooking, this is one of the largest built-in ovens on the market providing two cavities with 4.1 cu.ft of total capacity. The higher internal cavities allow you to fit a large

casserole dish, the family roast and a pie for dessert.

SAFE AND SOUND

The CoolTouch door with triple glazing and cooling system is safe to touch from the outside, protecting your hands and the surrounding cabinetry. Getting large dishes in and out of the oven is a breeze with full telescopic sliding shelves that stay perfectly steady - even when pulled all the way out.

COMPLEMENTARY DESIGN

With their premium handle styling and stainless steel finish, our built-in ovens are designed to match the rest of Fisher & Paykel's kitchen appliance family.

COOKING FLEXIBILITY

This built-in oven has 11 functions with pre-set temperatures, including Roast, Bake and Aero™ Bake allowing you to use a variety of cooking styles.
