

PP912SM

GE Profile™ Series 30" Built-In CleanDesign Electric Cooktop

Dimensions and Installation Information (in inches)

KW Rating	
240V	7.6
208V	5.7
Breaker Size	
240V	40 Amps†
208V	30 Amps†

†**Note:** Check local codes for required breaker size

Important: Requires a 5" free area between the bottom of the cooktop to any combustible material, i.e., shelving. Free area not required when installing wall oven underneath cooktop. Refer to installation instructions. Requires a 15" minimum from cooktop to adjacent overhead cabinets. Units are furnished with a 48" flexible armored cable.

Note: 30" Ribbon cooktops are approved for use over select GE 27" and GE 30" Single Wall Ovens and Warming Drawers. Refer to cooktop and wall oven/warming drawer installation instructions packed with product for current -dimensional data. If installed with a GE Profile™ Telescopic Downdraft System, consult both the cooktop and downdraft installation instructions packed with product before installing. Cooktop gas/electric supply may need to be re-routed to install downdraft. Consult cabinet and countertop manufacturer's specs for flush mount installation prior to install. **Before installing, consult installation instructions packed with product for current dimensional data.**

Filler Trim Kit: When replacing an old GE 30" cooktop (with larger opening) use the following one-piece trim kit to fill in the over-size hole. Available at additional cost. JXTR32W (True White) JXTR32B (Black glass), JXTR32C (True Bisque)
