

# SWBC3041

34.25" x 29.5" x 23.38" (H x W x D)

30" wide built-in undercounter indoor/outdoor combination dual zone wine cellar and kegerator with tapping equipment included

## Highlights:

Unique combination wine cellar and kegerator with single compressor operation

Weatherproof construction allows easy use in outdoor settings

Flexible design allows built-in or freestanding use

## Product Features:

|                                            |                                                                                                                                                           |
|--------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------|
| Combination wine cellar and beer kegerator | Single compressor operation with two distinct temperature zones allows you to preserve and display wine on the left while tapping draft beer on the right |
| Complete tap kit for serving beer          | Includes all the tapping equipment you need to serve beer from a sixtel keg, with a stainless steel tower and faucet, CO2 tank, and regulator             |
| Indoor/Outdoor compatible                  | Durable, weatherproof construction designed to hold up to the elements                                                                                    |
| Built-in capable                           | Front-breathing design allows the unit to be built-in under counters                                                                                      |
| Dual zone operation                        | Each compartment features a wide range, allowing you to find the right temperature for a variety of wine and beer                                         |
| Factory installed locks                    | Keyed lock on each door provides security as needed                                                                                                       |
| Stainless steel exterior                   | Cabinet, kegerator door, and wine cellar door trim feature stainless steel construction for a professional look with lasting durability                   |
| Frost-free                                 | No-frost operation for minimal user maintenance                                                                                                           |
| Fan-forced cooling                         | Internal fans ensure both interiors have a consistent temperature from top to bottom                                                                      |

## SWBC3041 Specifications:

### Overview

|                            |                    |
|----------------------------|--------------------|
| Height of Cabinet          | 34.25" (87 cm)     |
| Width                      | 29.5" (75 cm)      |
| Width with Door Open       | 30.0" (76 cm)      |
