

# TNM1107C

40" x 20" x 24" (H x W x D)

20" wide open burner gas range in black with electronic ignition; made in the USA

### Highlights:

Just 20 inches wide and 24 inches deep for the perfect fit in small kitchens

Porcelain construction on range top and oven for true durability

Made in the U.S.A.

### Product Features:

|                               |                                                                                                          |
|-------------------------------|----------------------------------------------------------------------------------------------------------|
| Made in the USA               | Designed and constructed domestically                                                                    |
| Slim 20 inch width            | Apartment-sized width offers all the functionality you need in a smaller footprint                       |
| 24 inch depth                 | Shallower fit is ideal for L-shaped and galley kitchens                                                  |
| Four open burners             | 9000 BTU burners with built-in enamel grates to meet most cooking needs                                  |
| Designed for natural gas      | Set for use with natural gas connection. To convert for propane use, add Kit LP                          |
| Electronic ignition           | Spark ignition system with a pre-installed 115V 3-prong cord                                             |
| Drop-down broiler compartment | Lower compartment for separate broiling with even heat distribution                                      |
| Recessed oven door            | Smart design limits the depth and protects adjacent cabinets                                             |
| Upfront controls              | Push-to-turn knobs offer easier, safer access, preventing users from reaching over hot burners to adjust |
